

|   |  |
|---|--|
|  | <p><b>Mohammad Kazem Jafari</b></p> <p><b>Date of Birth:</b> 25 January 1957</p> <p><b>Present Occupation:</b> Professor &amp; President of International Institute of Earthquake Eng. &amp; Seismology (IIEES)</p> <p><b>E-mail:</b> <a href="mailto:jafari@iiees.ac.ir">jafari@iiees.ac.ir</a></p> <p><b>Tel:</b> +98 21 2229 5115</p> <p><b>Fax:</b> +98 21 2229 9479</p> |
|---|--|

## Education:

|  |
|--|
| <b>Ph.D.:</b> Geotechnical Engineering, E.C.L., Lyon, France, 1987                   |
| <b>M.Sc.:</b> Mechanics of Geomaterial, U.S.M.G., Grenoble, France, 1983             |
| <b>M.Sc.:</b> Geotechnical Engineering, E.N.T.P.E., Lyon, France, 1983               |
| <b>B.Sc.:</b> Structural Engineering, Sharif Univ. of Technology, Tehran, Iran, 1980 |

## Occupation (Scientific):

|                      |  |
|----------------------|--|
| <b>1995- Present</b> | Faculty Member and: <ul style="list-style-type: none"> <li>- Director of Geotechnical Research Centre of IIEES (1995-2002)</li> <li>- Vice President of IIEES (1999-2005)</li> <li>- President of IIEES (2014-2019)</li> </ul> |
| <b>1987-1995</b>     | Faculty Member of Amirkabir University,<br>Tehran University,<br>Tarbiat Modares University,<br>Sharif University of Technology.   |

## Research Interests:

|  |
|--|
| Site Effect and Soil-Fault-Structure Interaction,<br>Dynamic Behaviour of Soil Materials,<br>Embankment Dams Behaviour under Earthquake Loading,<br>Seismic Behaviour of Underground Structures. |
|--|

## Teaching:

|                              |   |
|------------------------------|---|
| <b>Undergraduate Courses</b> | Soil Mechanics, Foundation Eng., Design of Small Dams   |
| <b>Graduate Courses</b>      | Advanced Soil Mechanics, Advanced Foundation Eng., Embankment Dams Design, Soil Plasticity, Constitutive Modeling of Soils, Numerical Methods in Geotech. Eng., Soil Dynamics, Earthquake Geotechnical Eng. |

## Publications:

|   |
|---|
| More than 70 Journal Papers and 100 Conference Papers |
| More than 50 Research & Technical Reports             |
